

NEW! NEW! NEW!

Honeymoon Bungalow !!

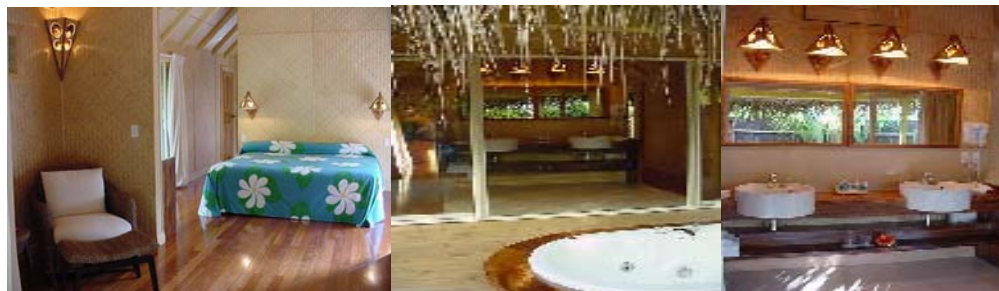

The Rarotongan Beach Resort & Spa has opened the fabulous **new Honeymoon Bungalow**. This is an exciting new development in what The Rarotongan offers romantic couples on their South Seas sojourn. And you don't have to be 'Just Married' to be able to book into the Honeymoon Bungalow ~ just yearning for some private time alone to relax into each other's company and rekindle the flames is enough!

The stylish Honeymoon Bungalow sits off the ground and features a unique design with a broad wrap-around verandah and a high-pitched thatched roof providing a fabulous sense of space and island romance. Nestled in a completely secluded, lush tropical garden, this is your own private paradise.

Featuring elegant polished tropical wooden floors, rattan-lined walls, chocolate-coloured water-hyacinth furniture, privately-commissioned lighting laced with black pearl shell, luminous open-air shower, outdoor 'starlet' spa bath on the verandah, and spacious bathroom with raintree vanity top and over-sized double basins, the Honeymoon Bungalow offers an incredible sense of freedom with spectacular indoor-outdoor flow through four wide openings onto the verandah, and the broad encircling deck means that sun-lovers can follow the sun all day in complete privacy.

This wonderfully secluded, romantic bungalow provides easy access to the lagoon via a private gateway tracing a sandy path to the white sand beach and blue lagoon. This is Rarotonga's ultimate honeymoon hideaway for couples in love.

Romance lives ... at The Rarotongan!
